

Your partner for business coffee solutions

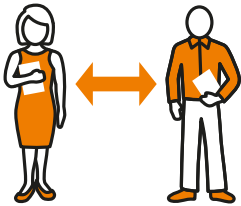

# Safety

## COFFEE EXPERIENCE ENHANCEMENT GUIDE

At Van Houtte Coffee Services, the safety and well-being of our employees and customers are a top priority. As we adapt to our new normal, we have implemented a number of extra safety protocols throughout our system. From order taking to delivery, service and beyond, we are dedicated to continuously improving the safety of our processes. We encourage you to adopt the following measures to help ensure the wellbeing of all your staff and clientele as they enjoy their coffee experience.

1

Follow local guidelines in common areas

2

Wash hands before using brewing equipment

3

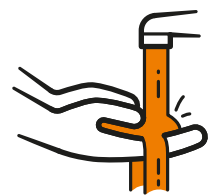

Make selection and prepare beverage

4

Clean brewing equipment with disinfecting surface wipes

5

Wash hands again and drink safe

## Personal Protective Equipment

We offer a wide variety of protective products that can help prevent the spread of harmful bacteria and viruses at your business location as you seek to safeguard your staff and clientele.
